

Scarves to Sew and to Tie

20 creations and many ideas to accessorize and tie them

January 2017

Synopsis:

20 different scarf creations are available in this title, to do them exactly as you wish and with the fabrics you want. All of them are of different shapes and sizes (from 30cm to 5m), for women and men, easy or more developed, elegant or more original thanks to customisation (pompoms, pearls, feathers, charms). You will be able to realize unique creations, handmade or with the help of a machine.

Each model is explained in a very pedagogical way thanks to step by step instructions and drawings made directly by the author.

The +: when the scarf is ready, explanations on how to tie it in many different ways are available.

The Author:

Annabel Benilan graduated from Duperrée School, a famous French Fine Art school. She now works as a stylist and costume designer. She created her own brand for clothes “Mélée Cassis”, with a first shop in Paris. She is the author of *Sewing for Summer* (2016).

This book is made in partnership with Frou-Frou in France, but other fabrics can be used.
