

Natural Beauty

September 2017

Beauty &
Well-Being

Synopsis:

Everything that is natural is trendy! Nowadays, people are more and more interested in doing their own beauty products, without paraben, colorants, or tests on animals. People are looking for authentic products which are respectful of the environment.

This book offers to readers natural cosmetic recipes, homemade, and realized with quality products: soap, olive oil, argyle, shea, honey, lavender, arganier oil, flower water, etc.

Tips on the material to be used and on preservation of the products are available.

The book is divided in three parts:

- A presentation of Marius Fabre: This title is made in partnership with Marius Fabre, a brand available in many countries around the world. Nevertheless, this introduction can be adapted or removed if the brand is not available in your country.
- Quality products: a recap of the main natural ingredients to take care of the skin, and how to use them in your everyday life.
- How to do your own cosmetics: explanations step by step on how to do your own products.

At the end, quizzes are available for readers to check if they memorized the important information, and advises by type of skin are given.
