

# I learn to Sew Bags

April 2016

## Synopsis:

Learn how to realise elegant bags thanks to the step by step explanations and the real size patterns available in the book. Starting from simple patterns, readers evolve and create every shapes of bags, with more and more pieces to sew, more and more complex!

Each general shape offers a range of two or three variations, from the most simple one to the most developed and complicated (for example more pockets, with more little details to add, a larger format, etc.).

Along with the creations, readers will find detailed technical points to learn how to put a zip, sew angles, realize a buttonhole, etc.

Very diversified materials are used, and will give to seamstresses a better idea of all the possibilities. Thanks to the shape categories, readers will have the references to create their own bags, either by changing dimensions, or by mixing several patterns.
