

# I Learn to Sew Clothes without Patterns

May 2017

## Synopsis:

When a seamstress is still a beginner, having to face a pattern is not always simple... The author, Clémentine Lubin, offers to readers in this new title 20 creations of clothes to realize without any pattern to use.

Thanks to simple explanations step by step and drawings, seamstresses will be able to create their own clothes. For example, for some tops the author starts with a simple geometrical shape, available for two sizes (36-38 and 40-42), and add a collar.

Thus, this new title is ideal for the beginner seamstresses who already want to do their own simple projects, adapted to their level and to the time they want to spend on it.
