Synopsis:

Every little girl has once in her life wished to be dressed just like her mummy. With this new title, mothers will find the inspiration to sew clothes for their daughter and for themselves: dresses, skirts, tops, accessories, etc.

This book is for seamstresses of all levels. Some clothes are more adapted to beginners. Each of the 20 creations available are explained step by step with schemas. At the end, real size patterns will be easier to use for seamstresses!

Creations are available from size 36 to 44 for women, and 4 to 10 year-old for girls.
