

SOS Sewing

Tips, tricks and advises

March 2018

Synopsis:

How to do a hem easily? What is the basic list of material you will need if you start sewing? How to chose your very first sewing machine? What is a «biais binding » or a « grainline » ? How to take measurements?

No need to panic! This small book will bring all the answers to the beginners' questions, but also to confirmed seamstresses in their quest for useful tips and advises.

The book contains many step by step explanations with drawing, to be clearer. With colourful and girly illustrations, this book will seduce all the seamstresses!

Content:

- Everything you need to know before starting.
- Sewing by hand: the basic notions.
- Sewing with a machine: the basic notions.
- Advises to rectify mistakes.
- Five trendy creations easy to do.

The Author:

Lydie Lardoux is a passionate artisan-seamstress. She shares her time between her family, her creations, the sewing classes during which she teaches to adults or children, and her passion for horses!

She specialized in the conception and creation of clothes for plus size women, and created her company "La Félicy" in 2012.
