

+ Upcycling paper & cardboard

Papier & carton, on recycle!

April 2014

■ Synopsis

There are 35 projects and tutorials that will teach you to upcycle everything from paper to cardboard. This makes this book a wonder resource for all those artists, creatives and makers who want to try green crafts. This guide is a wonderful peek into the vast and creative world of green crafts. If you have ever wanted to try your hand at upcycling this book will give you ample inspiration as well as direction to start your very own green crafts journey.
