## ■ Synopsis

What do you fancy for dinner tonight? Italian? Chinese? French? With so many varieties of cuisine on offer in our globally-growing lives, *Marie-Claire Books* have put together an amazing book featuring their favourite recipes from around the world. Each chapter features a different country's dishes that we love to eat, and would love to learn more about. Gordon delves into Middle Eastern, American, Thai, Chinese, Indian, Spanish, French, Italian, Greek, and even our own British. There are recipes for starters, mains and desserts. In addition, he explains certain techniques to go along with each type of cuisine. For example, he shows how to make Pasta, which is then transported into his recipe for Spinach, Ricotta and Pinenut Ravioli, and Curry Paste which is used for a Fragrant Green Curry with Beef. Also, each chapter begins with information on one of the best ingredients each cuisine has to offer, and five ways in which to enjoy it, like his Spanish-inspired five ways with piquillo peppers. Once again this book provides an innovative range of recipes to be cooked every day, and no matter what you are in the mood for, this book has it covered.
