❑ Le synopsis :

It is not an easy task to fight against stains: stains on the fragile tablecloth, rings of perspiration, or the horrifying stain of red fruits on a white shirt! But there is a solution to all these calamities. Nature is well made, and this book will help you discover tips and secrets that will make you save money and that have already proven their efficiency.

❑ What is there to learn?

- Discover solutions adapted to each different stain, and specific miracle products: white vinegar, sodium bicarbonate, olive oil, etc.
- Find the solution taking into account the element you have to remove the stain from: wood, clothes, bedding, leather, etc.
- Learn how to do your own products.
- Learn also the usage warning.
