❑ Synopsis:

If you do not know anymore how to get rid of bad smells, this title is for you! But removing bad smells is only the first step, this book also explains how to perfume your house with products 100% natural. In addition, readers will learn how to do a natural deodorant, and a scented candle.

❑ What is there to learn?

Many advises and tricks:

- to get rid of different smells: bin, frying, cheese, moisture, tobacco, humidity, etc.
- to give a natural scent to your house using citrus fruits, lavender, essential oils, clay, etc.

❑ The Author:

Sylvie Fabre is a journalist working for Maxi, Fémina Hebdo, DS Magazine and Julie in France. She also works for France 2 on television. She is a real specialist of feminine press and spent more than 15 years looking for the best « tips » to make cleaning easier! Today, she teaches her knowledge and writes books (Sybex, First).
