## ❑ Synopsis:

This book is a complete guide to DIY. With more than 500 illustrations in step by step, photos and schemas, readers will know everything about renovation, fixing of all sorts of elements in the house, and organisation.

This is the new edition of this guide and it takes into account the recent materials and technics.

## ❑ What is inside?

Six chapters dedicated to different work jobs, and more than 500 technical gestures in step by step: carpentry, masonry, plumbing, electricity, coating, isolation and heating systems.

## ❑ The Author:

**Christian Pessey** is specialised in practical books focused on the house. He is the expert of the TV-show « Votre Maison » on RMC channel. In his books, he gives many advices based on his numerous years practicing DIY, but always taking into account the new materials and products available.
