

Cardboard Crafting Step by Step

May 2016

Synopsis:

Did you notice that cardboard crafting is booming at the moment?

This craft activity consists in creating decorative objects, storage elements, trendy decoration, thanks to cardboards of all sorts you can find anywhere. This book explains to readers basic technics of cardboard crafting, thanks to step by step photographs, and detailed explanations. Then, creators will be able to apply what they learn to realisations of everyday objects: jewel boxes, tea boxes, present wrapping, bedside tables, book covers, small pieces of furniture, Christmas decorations, etc. Cardboard crafting has no limits!

Learn with this title to create your own personalised objects, that you will proudly show to your friends!

The basic material you will need is detailed at the beginning of the book. Nothing complicated is necessary: just simple material you can find anywhere.

The Author:

Marie Koebelin graduated in advertising and packaging design in Strasbourg, East of France. For 25 years, she realizes numerous personal creations in cardboard or embroidery. For 5 years now, she decided to teach her passion. You can have a look at her creations on her blog: <http://boutique-carton-marie.blog4ever.com>
