

Smart Knitting!

40 creative ideas with very few wool necessary

September 2016

Synopsis:

If you are a knitter, you must have at home a lot of wool leftovers from creations you previously realized, wondering what to do of them.

This book is a source of inspiration to knit throughout the year accessories with just one wool ball or wool leftovers. The idea is to reuse at the maximum what you already have at home.

Some of the creations you can find inside: bracelets, decoration for flip-flops, bags, lampshade, cushions, hats, slippers, snood, purse, potholder, candle holder, headband, book cover, etc.

This book is made in partnership with Phildar in France, but can be adapted if you do not have this brand in your country.
