

Home-Made Cleaning Products

August 2016

Synopsis :

Chemical products are everywhere! So why not try to replace them by their natural version when it is possible? They are less dangerous and as they are home-made, you know exactly what they are made of.

These home-made products are generally cheaper and easy to realise. They will bring a revolution in your cleaning habits. Bicarbonate of soda, white vinegar, lemon, etc. These natural ingredients will bring change in your house! With the correct recipes in hand, they will help you make your house all shiny!

The Author:

Isabelle Louet is the author of two titles at Editions Massin in the collection "1000 Ideas": "A Feng-Shui House" (2014) and "Preventing Domestic Accidents" (2013). She is also one of the two authors working on the "Taking Care of your House Naturally" series, which now has eight titles.
