

Pallet Furniture

April 2017

Synopsis:

Pallets are now more and more fashionable for house decoration. As a creative upcycler, Lionel Cerdan gives to the readers his most ingenious ideas and also the easiest to realize, with little money, to improve your living space.

Thanks to step by step explanations and photos, readers will find it easier to realize the creations, and also to use them as a base to then do their own creations. 15 different pieces of furniture are available, for the different rooms in the house.

The Author:

Lucien Cerdan is a professional photographer. He started using and transforming pallets a few years ago, as it corresponded to his interest into recycling and ecology. He selects his pallets (colours, damaged, texture, originality) depending on the piece of furniture he has in mind. He shares his creations on his blog: <http://deco-palette.fr>
