

DIY Storages for the Whole House

20 pieces of furniture and accessories to do yourself.

September 2018

Synopsis:

You want a clean house but a design decoration at the same time?

Thanks to this title, readers will be able to realize 20 accessories and small but ingenious pieces of furniture, adapted to everyday life little problems and to the different rooms of the house.

Only basic material will be needed. Step by step explanations and step by step photos are available, so creations are simple to do for everybody!

Content:

- **For the home office:** cable-organiser, brief-case, pegboard, tablet support, book-ends, etc.
- **For the bedroom:** hanger, cupboard for shoes, chest with wheels, wardrobe, etc.
- **For the bathroom:** towel rack, storage for make-up, storage for jewels, etc.
- **For the living-room:** console table, storage for keys, magazine rack, shelves, etc.

The Author:

Marie Ducreux lives in Nantes. She is the author of her own blog: **Une hirondelle dans les tiroirs** (A Swallow in the Drawers) . In love with bargain-hunting, she loves to give a new life to pieces of furniture, and is chief of the workshop « Une Hirondelle » (A Swallow) in which she sells vintage furniture carefully renovated.

Addicted to DIY, she also do creations for magazines or brands, and organizes workshops/talks on themes linked to her universe during events on decoration.
