

# Basketry step by step

## 18 creations to start

September 2018

### Synopsis:

Have you noticed that basketry is reappearing in the decoration and fashion universe? Thanks to this book, readers will have access to a real beginner's guide to basketry, with step by step explanations and 18 creations to realize, from the most simple (to start) to the most elaborated (to improve)!

### Content:

- **Introduction:** Material and basic technics explained step by step.
- **Projects:** For beginners and then with all the different existing techniques.
- In addition, a few suggestions of what to do with the left-overs are given.

### The Author:

**Virve Boesch** lives in Paris but is Finnish. She is a passionate creator in all the fields of manual works, and with all sort of materials and technics. She passed a degree in cultural mediation and Fine Arts. She hosts numerous workshops on basketry. She has an Etsy shop on which she sells her creations: Authentic Nordic.
