## Gardens to live

### Series « Art et Décoration »

A crowd of home decorative ideas, with trendy and refined ambiances. Numerous pictures of charming houses decorated by enthusiasts.

### The book

Henceforth, the outside of the house joins as the continuity of the housing environment. As far as we are a city-dweller or a countryman, whatever is the surface which we have, we are in search of the bubble of oxygen, which is going to allow to evacuate the ambient stress.

The ideas of outer arrangements bloom, materials multiply, terraces take advantage of a benefactress shade, gardens form themselves, swimming pools become natural and huts make their return.
