

# DIY Up-cycling

by Marie Claire Idées

April 2019

## Synopsis:

Readers will find in this title 30 creations for all the rooms in the house.

A basket becoming a light, an old chair back to life thanks to a colourful pattern, a make-over for a dresser, a desk made of pallets and boxes,... These are just some of the ideas you will find in this book.

Reuse is good for the planet and allows people to leave their creativity free at a lower cost. It is also the guarantee of a 100% personalized house decoration.

**This book is made with DIY magazine Marie Claire Idées.**
